

23rd International Conference on NIR

The Era of NIR World -Tradition and Innovation for Near Infrared Spectroscopy

November 29th (Mon) ~ December 3rd (Fri), 2027

1. Welcome to NIR 2027 – Nagoya, Japan

Step into The Era of the NIR World — a fusion of tradition and innovation from Japan. Since the early 1980s, Japan has played a key role in the global evolution of NIR spectroscopy. The journey began with its introduction from the U.S., followed by the launch of the annual “Symposium on Nondestructive Measurement” in 1985. In 1989, Tsukuba hosted the 2nd International Conference on NIR Spectroscopy—a milestone that gave birth to the ICNIRS logo still used today. Since 2004, the Japan Council of NIR Spectroscopy (JCNIRS) has continued to advance the field through the annual “NIR Forum,” welcoming researchers from around the world. Now, NIR returns to Japan—this time to Nagoya, a vibrant city of over 2.3 million residents. As Japan’s fourth-largest city and a center of innovation, industry, and history, Nagoya offers the perfect setting for collaboration, discovery, and cultural exchange. Join us in 2027 for a groundbreaking conference—and help shape the future of NIR.

Experience Japan. Experience Innovation. Welcome to NIR 2027.

2. Organizer

The Organizing Committee of NIR2027 (Under the affiliation of ICNIRS)

3. Co-organizer

Japan Council of NIR Spectroscopy (JCNIRS)

The Asian NIR Consortium (ANC)

4. Venue

Nagoya Congress Center, Nagoya, Japan. <https://nagoya-congress-center.jp>

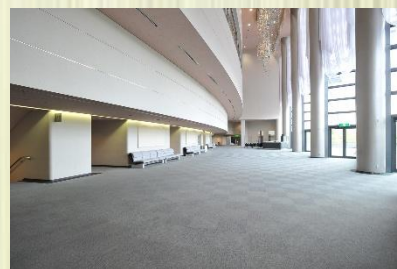

Nagoya Noh Theater, Nagoya, Japan. https://www.bunka758.or.jp/scd24_top.html

Nagoya Noh Theater

Nagoya Congress Center

5. For Students

To encourage student membership and participation, we offer Student Poster Competition and Student Travel Grants.

6. Sessions

1. Theory & Fundamentals
2. Instrumentation
3. Chemometrics
4. Imaging & Remote Sensing
5. Agriculture & Feed
6. Food & Beverage
7. Environment & Forestry
8. Petrochemistry, Polymers & Textile
9. Pharma & Biotech
10. Sustainability & Recycling

Nagoya Castle

Nagoya Station

Downtown Area

Osu Kannon

7. Program

November 29th (Mon)

Keynote lectures (Nagoya Noh Theater)

Welcome reception

November 30th (Tue) ~ December 3rd (Fri)

Oral presentations, Poster presentations

(Nagoya Congress Center)

(Banquet : December 2nd (Thu))

8. Committee

Chairperson:

Satoru Tsuchikawa (Nagoya University)

Organizing committee:

Norihisa Katayama (Nagoya City University)

Tetsuya Inagaki (Nagoya University)

Te Ma (Nagoya University)

JCNIRS Executive Committee

9. Contact

Te Ma

〒 464-8601 Furo-cho, Chikusa-ku, Nagoya, Aichi, Japan

Graduate School of Agricultural Sciences, Nagoya University
